To: Shareholders of Rexit

Dear Sir / Madam,

PROPOSED RENEWAL OF AUTHORITY FOR THE PURCHASE BY REXIT OF ITS OWN SHARES (“PROPOSED SHARE BUY-BACK”)

1. INTRODUCTION

On 11 October 2022, the Board announced its intention to seek shareholders' approval for renewal of authority for the Company to purchase up to 10% of the total number of issued shares of the Company at the forthcoming 18th AGM.

The purpose of this Statement is to provide you with the relevant details of the Proposed Share Buy-Back to be tabled at the forthcoming AGM, which will be held on Monday, 21 November 2022, notice of which has been set out in the Annual Report 2022.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

At the 17th AGM held on 26 November 2021, the Company received its shareholders' approval on the renewal of authority to undertake the purchase of up to 10% of the total number of issued shares of the Company, subject to compliance with Section 127 of the Companies Act 2016, and prevailing laws, regulations, orders, guidelines and requirements issued by the relevant authorities.

In accordance with the Listing Requirements, the authority obtained by the Board for the purchase of Rexit Shares may only continue to be in force until:

- (a) the conclusion of the next AGM of the Company at which time the authority shall lapse unless by ordinary resolution passed at that meeting the authority is renewed either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

Accordingly, in view of the expiry of the abovementioned approval of the shareholders at the conclusion of the forthcoming 18th AGM, the Board proposes to seek for shareholders' approval for the Proposed Share Buy-Back at the forthcoming AGM.

As at 4th October 2022, the total number of issued shares of Rexit was 189,333,333 Rexit Shares (including 16,117,500 Rexit Shares currently retained as Treasury Shares). Hence, in the event that the Proposed Share Buy-Back is approved by its shareholders, the maximum number of Rexit Shares that the Company may acquire pursuant to the Proposed Share Buy-Back is 2,815,833 shares.

3. SOURCE OF FUNDS

The funding for the Proposed Share Buy-Back will be from internally generated funds. The maximum amount of funds to be utilised by Rexit for any purchase of Shares shall not exceed the total retained profits of Rexit. The purchase of Shares will be undertaken in such a manner that it will not have any material effect on the cash flow of the Rexit Group.

As at 30 June 2022, being the latest audited financial statements of Rexit, the retained profits was amounted to RM4,174,660.

The actual number of Shares to be purchased, the total amount of funds to be utilised, impact on cash flow and the timing of the purchase(s) will depend on the prevailing equity market conditions and sentiments as well as the financial resources available to the Company at the time of the purchase(s).

4. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The authority to purchase its own Shares is sought to enable Rexit to have an additional option of optimising its capital structure and utilising its financial resources more efficiently. The Proposed Share Buy-Back is expected to stabilise the market price, as well as the supply and demand of Rexit Shares. All things being equal, the Proposed Share Buy-Back, whether the Rexit Shares to be purchased are maintained as Treasury Shares or cancelled, will result in a lower number of Rexit Shares being used for the purpose of computing EPS. Therefore, the Proposed Share Buy-Back will improve the EPS of Rexit which in turn is expected to have a positive impact on the market price of Rexit Shares.

Rexit may also retain the Purchased Shares as Treasury Shares with the intention of realising potential gains from the resale of Treasury Shares and/or to reward its shareholders through the distribution of the Treasury Shares as share dividends.

5. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The potential advantages of any purchase by Rexit of its own Shares to Rexit and its shareholders are as follows:

- (a) To allow Rexit to take preventive measures against speculation particularly when its Shares are undervalued which would in turn stabilise its market price and hence enhance investors' confidence;
- (b) To allow flexibility for Rexit in achieving the desired capital structure, in respect of its debt and equity composition, as well as its size of equity; and
- (c) If the Treasury Shares are distributed as dividends by the Company, it may then serve as reward to its shareholders.

The potential disadvantages of any purchase by Rexit of its own Shares to Rexit and its shareholders are as follows:

- (a) Any purchase by Rexit of its own Shares will reduce its financial resources and may result in Rexit foregoing better investment opportunities that may emerge in future; and
- (b) As any purchase of its own Shares can only be made out of Rexit's retained profits, it may result in the reduction of financial resources available for distribution to Rexit's shareholders in the immediate future.

Nevertheless, the Board of Rexit will be mindful of the Company's interest and its shareholders in undertaking any purchase of its own Shares and in the subsequent resale of Treasury Shares on the Bursa Securities, if any.

6. EFFECTS OF THE PROPOSED SHARE BUY-BACK

6.1. Share capital

The effect of the Proposed Share Buy-Back on the issued share capital of Rexit is set out below:-

	Number of Shares
Issued share capital as at 4 October 2022 (Including 16,117,500 Shares held by Rexit as Treasury Shares)	189,333,333
Maximum number of Shares which may be purchased and cancelled pursuant to the Proposed Share Buy-Back	(18,933,333)
Resultant issued share capital upon completion of cancellation of the maximum number of Rexit Shares which may be purchased under the Proposed Share Buy-Back	170,400,000

However, if the Purchased Shares are held as Treasury Shares, resold or distributed to shareholders, the Proposed Share Buy-Back will not have any effect on the issued share capital of the Company.

6.3. Earnings

The impact of the Proposed Share Buy-Back on the earnings of Rexit Group is dependent on the purchase price of the Purchased Shares and the opportunity cost arising from the funds utilized for the Proposed Share Buy-Back.

Any cancellation of the Purchased Shares is expected to give rise to increased EPS to the Company and its Group due to the reduced number of shares in issue.

6.4. NA

The effects of the Proposed Share Buy-Back on the NA of Rexit will depend on the number of the Purchased Shares, the price(s) of the Purchased Shares at the time of purchase and the treatment of the Rexit Shares so purchased.

Where the Purchased Shares are cancelled, the Proposed Share Buy-Back will reduce the NA per Share unless the cost per Share is below the NA per Share at the relevant point in time, and vice versa.

If the Purchased Shares are kept as Treasury Shares, the NA per share will decrease unless the cost per share is below the NA per share at the relevant point in time. This is because Treasury Shares are required to be carried at cost and as such, will be offset against equity which would result in a decrease in the NA of Rexit.

If the Purchased Shares are resold on Bursa Securities, the NA of Rexit would increase if it realises a gain from the resale, and vice versa. If the Purchased Shares were distributed as share dividends, the NA of Rexit will decrease by the cost of the Treasury Shares so distributed.

6.5. Working capital

The Proposed Share Buy-Back will reduce the working capital of Rexit Group; the quantum of which will depend on the purchase prices of the Rexit Shares and the number of Purchased Shares. However, the Board believes that the Proposed Share Buy-Back will not have any material effect on the working capital of Rexit Group.

6.6. Dividends

The Proposed Share Buy-Back is not expected to have any material impact on the Board's policy in recommending dividends to shareholders of Rexit. The Board may have the option to distribute future dividends in the form of the Treasury Shares purchased pursuant to the Proposed Share Buy-Back.

7. PUBLIC SHAREHOLDING SPREAD

Based on the Record of Depositors of Rexit as at 4 October 2022, 62,206,372 Rexit Shares representing 35.91 % of Rexit's issued share capital were in the hands of public shareholders. The Board of Rexit undertakes that any proposed purchase of its own Shares would only be conducted in accordance with laws prevailing at the time of the purchase including compliance with the 25% public shareholding spread as required by the Listing Requirements.

8. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in the percentage of shareholding and/or voting rights of the shareholders as a consequence of the Proposed Share Buy-Back, none of the Directors and substantial shareholders of Rexit and/or persons connected with them has any interest, direct or indirect, in the Proposed Share Buy-Back or resale of Treasury Shares, if any.

9. IMPLICATIONS RELATING TO THE CODE

Based on the Company's Register of Substantial Shareholders as at 4 October 2022, it is unlikely that the provisions on mandatory takeovers under the Code will be triggered by any shareholder of the Company solely by reason of the Proposed Share Buy-Back being carried out in full.

10. PURCHASES MADE IN THE PREVIOUS TWELVE (12) MONTHS

Details of Shares purchased in the preceding 12 months are as follows:

Monthly breakdown 2021/2022	No. of Shares bought back	Lowest Price (RM)	Highest Price (RM)	Average Purchase Price (RM)	Total Purchase Price (RM)

Total	1,046,000				840,561.44

All shares have been maintained as treasury shares and there has been no resale of the Company's treasury share nor have there been any shares cancelled during the year under review.

11. SHARE PRICE PERFORMANCE

The monthly highest and lowest prices of the Company as traded on Bursa Securities for the past twelve (12) months are as follows:

2021	High (RM)	Low (RM)
October	0.985	0.920

August	0.800	0.750

12. DIRECTORS' RECOMMENDATION

Accordingly, the Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming 18th AGM.
